

Garage

EXPO CAM

ExpoCam boasts a number of **Special Features** highlighting exhibitors and their products to attendees looking for solutions for their business. The newest Special Feature you can take advantage of is the **ExpoCam Garage**.

The **ExpoCam Garage** is a demonstration area that recreates a real repair shop for heavy-duty vehicles, which showcases equipment, tools, and technologies used in real-life situations.

The **ExpoCam Garage** will also feature an education component where delegates can address critical issues and learn about heavy-duty vehicle safety, maintenance, repair best practices.

This special event will also feature **live competitions** with students from heavy-duty repair schools to test their skills and knowledge.

**Increase
the visibility**

of your company and products right on the show floor to a targeted audience and potential customers.

Now is your chance

to have your equipment, tools, technology on display in this new special feature on the show floor. This opportunity is

exclusive to ExpoCam 2023 exhibitors!

Spaces are limited, so contact us today to be featured in the ExpoCam Garage.

There are multiple ways for your company to take advantage of the ExpoCam Garage. Choose the option(s) that's right for your business. Options can be ordered individually or grouped together.
