

Back in
2025!

Garage EXPO CAM

ExpoCam welcomes the return of **Garage ExpoCam**, where visitors are looking for service and maintenance solutions for trucks & trailers.

Garage ExpoCam is a feature area recreating a real repair shop where demonstrations of equipment, tools and technological products are performed in real-life situations.

Garage ExpoCam offers the opportunity to display equipment, products or tools in this feature area of the show floor.

This feature area will also provide an educational component where visitors can learn from our industry partners about the latest maintenance, safety and best practices in heavy duty vehicle services.

**Increase
the visibility**
of your company and
products right on the show
floor to a targeted audience
and potential customer

Grab this unique opportunity

to have equipment, tools and technological products displayed
in this special feature on the show floor.

This opportunity is exclusive to ExpoCam 2025 exhibitors!

Spaces are limited, so contact us today to be
featured in **Garage ExpoCam**.

There are multiple ways for your company to take advantage of the
Garage ExpoCam. Choose the option(s) that's right for your business.

Options can be ordered individually or grouped together.

OPTION 1

1

Your equipment, product, and/or
technology on display in the demo area.

Cost : \$390 + taxes

OPTION 2

2

A 15-minute demonstration of your
equipment, product, and/or
technology in the Garage ExpoCam.

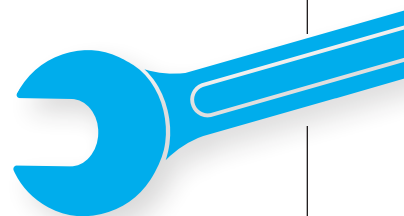

Cost : \$500 + taxes

OPTION 3

3

Become one of the sponsors of the Garage.

(See sponsorship brochure for pricing).
